This publication implements Air Force Policy Directive (AFPD) 10-1, Mission Directives. It delineates the mission, command relationships, and responsibilities of the Air Force Reserve Aerospace Medicine (AMD) Squadrons/Flights. It does not apply to Regular Air Force (RegAF) or Air National Guard (ANG) units. Ensure that all records created as a result of processes prescribed in this publication are maintained IAW AFMAN 33-363, Management of Records, and disposed of IAW the Air Force Records Information Management System (AFRIMS) Records Disposition Schedule (RDS). Contact supporting records managers as required. Refer recommended changes and questions about this publication to the Office of Primary Responsibility (OPR) using Air Force Form 847, Recommendation for Change of Publication; route AF Forms 847 from the field through the appropriate functional chain of command. This publication may be supplemented at any level, but all direct supplements must be routed to the OPR of this publication prior to certification and approval. The authorities to waive wing/unit level requirements in this publication are identified with a Tier ("T-0, T-1, T-2, T-3") number following the compliance statement. See AFI 33-360, *Publications and Forms Management*, for a description of the authorities associated with the Tier numbers. Submit requests for waivers through the chain of command to the appropriate Tier waiver approval authority, or alternately, to the Publication OPR for non-tiered compliance items.

1. Mission: Provide resources to accomplish the periodic health assessment and deployment screening process for AFRC populations to ensure an individual's medical requirements for deployment/contingency operations are met and current. At AFRC host locations, also provides capability to provide aerospace medicine/primary care base operating support to a mobilized population.

2. Command. The AMDS/F Commander (CC):

- 2.1. Reports to the Commander of their assigned parent Wing or Group.
- 2.2. Exercises administrative control over assigned personnel.

3. Responsibilities.

- 3.1. Execute commander's responsibilities as outlined in AFI 1-2, *Commanders Responsibilities*.
- 3.2. Provides oversight and execution of the Aerospace Medicine mission.

4. Mobilization. AFRC forces are under the administrative control (ADCON) of AFRC/CC. When activated or mobilized (e.g. under 10 U.S.C. §§ 12301(a), 12302, 12304, 12304a, or 12304b), combatant command authority (COCOM) transfers to the combatant commander to which the forces are assigned/attached and operational control (OPCON) transfers to the operational chain of command established by that commander.

JAMES F. JACKSON, Lt Gen, USAF
